FDP on Creation of Innovative Ecosystem

Date : 10/08/2023

No of Participants : 20 faculty members and 15 students

Resource Person : Ms. Hepsiba Sharon, field coordinator, EDII

About the program:

FDP on Creation of Innovative Ecosystem for staff of HCAS was conducted on 10th August 2023 with the aim of promoting and encouraging women's participation in the field of technology and innovation. The program raised awareness on the funding opportunities for start-ups, methods to apply and writing project proposals appropriately. Ministry of Micro, Small & Medium Enterprises (MSME) facilitates financial assistance up-to maximum of Rs. 15 lakh per approved idea that shall be provided to Host Institute for developing and nurturing of the idea into prototype. Ms. Hepsiba Sharon, the resource person, delivered a compelling keynote address focusing on the significance of hackathons in fostering creativity, problem-solving skills, and teamwork. The program included technical workshops covering various aspects of hackathons, including funding opportunities for start-ups, methods to apply and project management. Participants had the opportunity to understand opportunities provided by MSME for women and gain practical skills that they could subsequently impart to the next generation. And there were 12 projects submitted in the Women hackathon portal. The Faculty Development Program on Women Hackathon organized by the Ministry of Micro, Small & Medium Enterprises was a resounding success. The active participation of faculty members and the valuable insights shared by Ms. Hepsiba Sharon contributed to the program's effectiveness. Recently, Mr. R. Reshman Manikandan, Department of Microbiology, HCAS registered his company (ERAI organic products) under Entrepreneurship Development & Innovation Institute, Department of MSME, Government of Tamil Nadu.
