About the College

Hindustan College of Arts & Science, established in 1995, by the METC Educational Society, as a centre for excellence in applied Sciences and Arts. The College presently offers 17 Under Graduate, 07 Post Graduate, 03 M.Phil, and 02 Ph.D. Programmes. It is Christian Minority Institution, approved by the Government of Tamilnadu, affiliated to the University of Madras, accredited by NAAC and ISO Certified. The college is awarded with A++ by UGC. The campus is spread over 100 acres of beautiful lush green land, overlooking the Mutlukada Lake.

HINDOTSAV
A Mega Cultural Extravaganza

Sports

A healthy body also leads to a sound mind. Realizing the need for physical training along with the strenuous academic curriculums, the college facilitates the students for various indoor games like billiards, table tennis, chess, carom, badminton, and outdoor games like cricket, basketball, football, throwball, athletics, kho kho, kabaddi and handball. 100% scholarship is offered for deserving and meritorious students.

Library

The in-house library has an extensive collection of periodicals, magazines, international business journals, business & educational newsletters and corporate annual reports. The library is well stocked with a wide range of Indian and International reference books and journals to keep the students informed of the latest happenings in business scenario as well as other recent affairs. The library consists of an e-resource centre and provides a conducive environment for uninterrupted academic pursuit.

PROSPECTUS 2020-21
School of Computational Studies
B.Sc. Computer Science  M.Sc. Computer Science
B.C.A. (Shift I & II)  M.Sc. Information Technology

Today's world is unthinkable without computers and internet, so is higher education without Computer Science. Department of Computer Science provides training for the students to face recruitment tests for their professional settlement.

* Imparts technical skills in Software Development
* Stimulates in students an interest in the multi-faceted use of computers
* Nurture technical skills in students for professional competence.

B.Sc. Mathematics
Mathematics gives a very good foundation for higher studies. After a course in B.Sc. Mathematics, branching off to different courses like MBA, MCA, ICWA, & CA etc., can be done with ease.

School of Business Studies
BBA
B.Com (General) Shift - I & II
B.Com (Corporate Applications)
B.Com (Corporate Secretarship)

The School of Business Studies provides an in-depth study of subjects like Accounting, Finance, Marketing, Business organizations, Banking, and Production.

* Aims to expose students with entrepreneurial skills & employment opportunities
* Provides scope for experiencing working knowledge through periodical industry visits to Parle-G, Dabur, etc.
* Final year students are placed in a company for a month to acquire industrial exposure
* Provides add-on courses on "Tally" and "SPSS" for final year students, which gives them an edge in employability.

School of Sciences
B.Sc. Microbiology  M.Sc. Biotechnology
M.Sc. Biotechnology  M.Sc. Biotechnology

"The scope of Microbiology and Biotechnology is immense as they play an important role in many fields like medicine, dairy, pharmaceuticals, industries, clinical, agriculture, nanotechnology, genetics, biochemistry, immunology, virology, chemistry and engineering. State-of-the-art labs available for UG, PG and Research with sophisticated instruments.

* Offers value-added courses such as vermicomposting and biogas production as a part of waste management programme.
* Promoting research, consultancy activities and collaborations with reputed National and International laboratories.
* Modern infrastructure to conduct work in bioprocess technology, immunology, drug discovery, chemical biology, computational biology and biotechnology.
* Tie ups with Global allied pharmaceuticals and Yeungnam University, Republic of Korea, and National Taiwan University, Taiwan.

B.Sc. Psychology
The Department of Psychology at ICAS trains young minds at the Undergraduate level to equip themselves with the right level of aptitude, skill, and knowledge, to become successful in the following professions:
* Clinical Psychologist
* Counseling Psychologist
* Organizational Industrial Psychologist
* Special Educators for Childhood Disorders
* Rehabilitation Psychologist
* Sports Psychologist
* Counselors in Schools, Colleges, and Family Courts
* Research and Project Assistants
* Eminent Professors

B.Sc. Electronics & Communication
Electronics & Communication has crept into every sphere of human life, thus increasing its scope. It is now a part of our everyday life, from the pocket FM radio to televisions, computers, mobile phones, and even the high-end satellites.

* Students are taught and given hands-on training in subjects like Advanced Electronics, Microprocessors, Microcontrollers, Circuit Theory, etc.
* Add-on courses are provided for students on latest topics like Robotics, Embedded Systems and VLSI.

School of Humanities
B.A. English Literature
English is a global link language. English Literature as a mirror reflects various aspects of socio-cultural practices and perspectives. It opens the world of communication.

* Gateway to career opportunities
* Window to the world of literature
* Multi-cultural background
* Effective communication skills

B.S.W. / M.S.W. Social Work
Social Work is a profession and an academic discipline committed to the pursuit of social justice for the poor, disadvantaged, and oppressed people. We offer three specializations, namely Human Resource Management, Medical and Psychiatric Social Work and Community Development.

* International Industrial Visit and Education Tour annually to various countries like Malaysia and Sri Lanka to get an all-rounded perspective.
* Rural Exposure Camp to tribal areas.
* Internships in industries and social welfare organizations.
* Tie-up with Asia University, Taiwan.
