

4.4.2: There are established systems and procedures for maintaining and utilizing physical, academic and support facilities- laboratory, library, sports complex, computers, classrooms etc.

The College has a well-defined policy and system in place for the maintenance and utilization of all its physical, academic and support facilities. These are carried out by the respective departments with the help of in-house staff on daily basis and periodically. And care has been taken to keep the equipment, machine, etc in working condition.

CLASSROOM:

- Classroom being the most primary and important work space.
- All classrooms have adequate furniture, lights, fans and multiple electrical points.
- Some classrooms are equipped with the required teaching audio visual aids to supplement the teaching-learning process. Seminars, workshops, lecture sessions are also conducted in these rooms.
- The class rooms are cleaned on daily basis monitored by campus in-charge.
- Every academic block is provided with power backup using generator and blocks are installed with pure RO water supply.

Smart Class Room

LIBRARY:

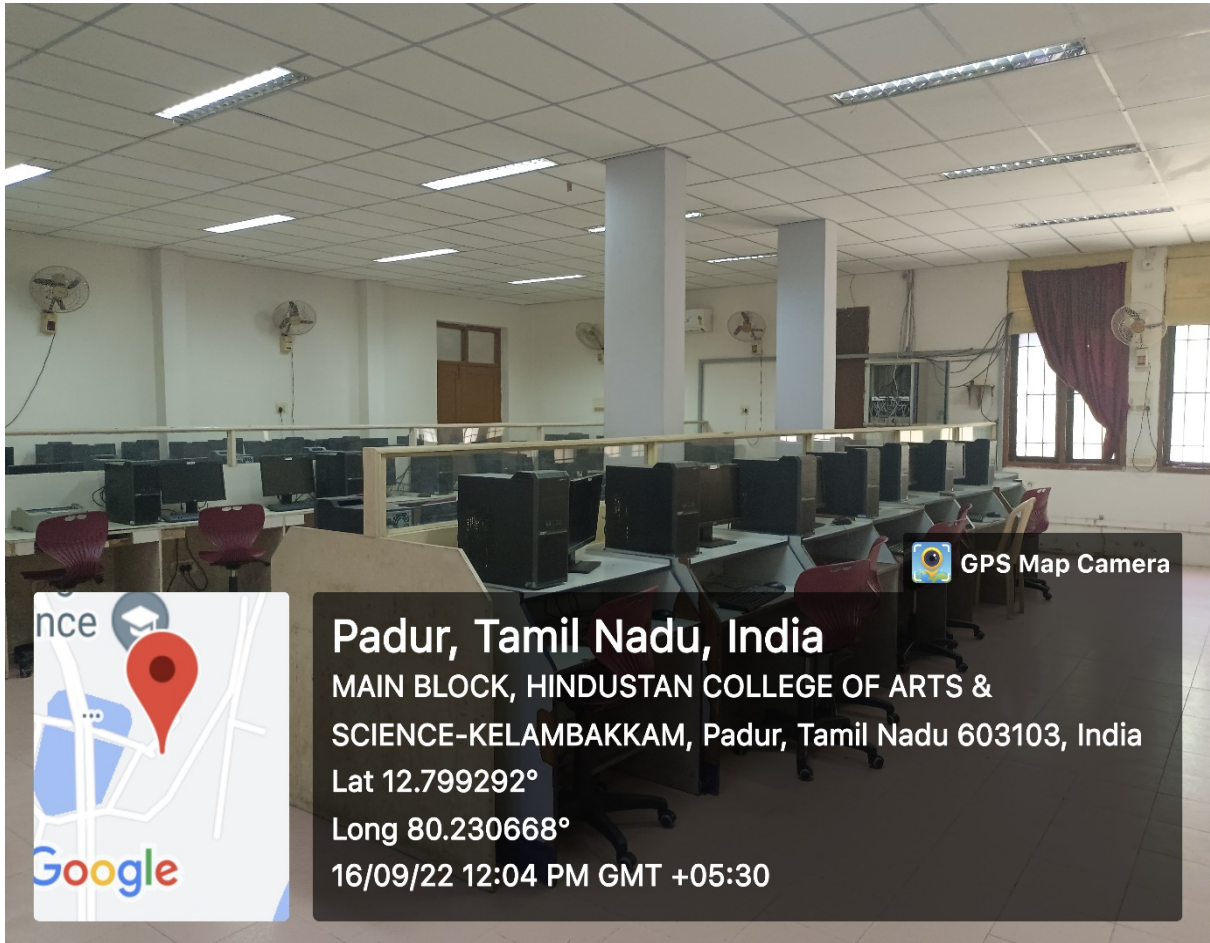

- The library of the college has its own mechanisms and system in place to identify the purchases based on the courses offered, check on the facilities to be provided for the students and the staff.
- The total area of the library building is about 4495 sq.ft. The college takes pride in a well-stocked library enriched with numerous textbooks and reference books.
- The library brings forth knowledge-based services like reference, N-LIST, Internet browsing and E-services.
- The Central library is automated using Enterprise Resource Planning (ERP) Library Management System (LMS) to carry out its routine operations and is secured with CCTV.
- Librarian with supporting staff has been appointed to maintain the library.
- To ensure return of books, “No Dues” from the library is mandatory for students before appearing in exam.

COMPUTERS:

- All departments in the college are having PCs, essential software and peripherals.
- The laboratory technicians and system administrator maintain the IT facilities in the college.
- ERP software is used for maintaining faculty and student details that includes student attendance.
