Shoba :

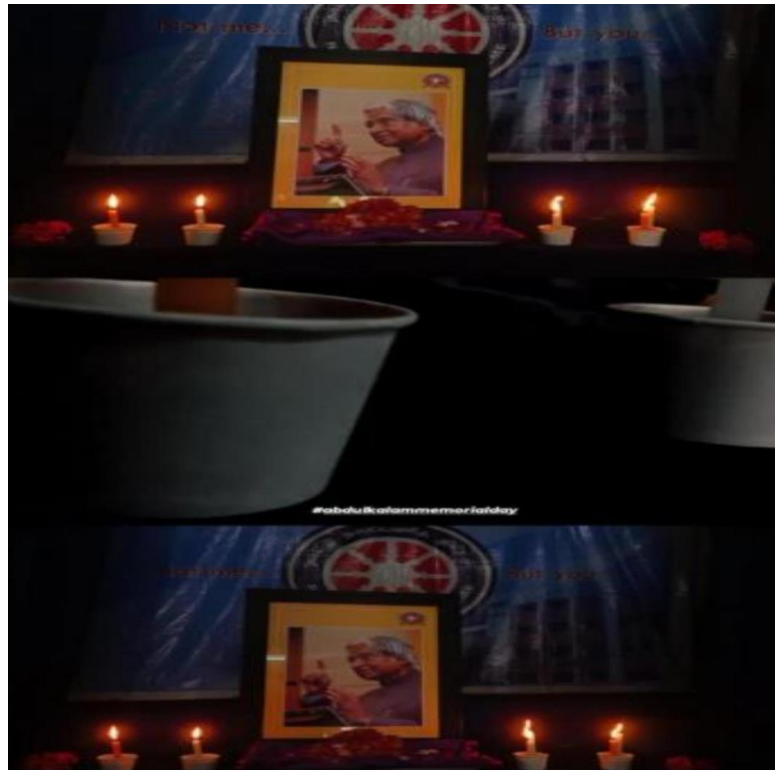

I don't know what made me
to connect with you like this. When
I was 10 you saved my little sister
in the delivery time of my mother then
still I cannot forget that day.
You were the only hope to me on
that day. I don't know how to thank you.
You are like my second mother. You
took care of me in those days when my
father cannot come to see us in my
mother delivery time. I got more connected
with you because you and my mother
have same name.

Thank you so much ma
