1.0 INTRODUCTION

In accordance with Section 20 of the Madras University Act, 1923, the Annual Report of the University highlighting the various academic/research and other activities of the previous academic year has to be prepared and presented by the Syndicate to the Senate.

Accordingly, the Report comprising of three volumes covering information related to Governance, Regulations, Financial Status, University Departments of Study and Research, besides other activities carried out by the allied bodies like NSS, USAB, Student Enrolment, Institute of Distance Education, Affiliated Colleges and other Research Institutions during the academic year 2022-2023 are placed before the Senate.

As the Chairman of the Syndicate, I would like to highlight some of the significant achievements of the University during the year under report in three Volumes in a very brief form.

This University has granted affiliation to the following new Colleges for the academic year 2022-2023:-

1. Magna College of Arts & Science(Co-Edn),
Redhills-Tiruvallur High Road, Magaral Village,
Chennai-600 055, Thiruvallur District.
2. Mangalam College of Arts & Science (Co-Edn),
Victory Avenue, Thirumullaivoyal,
Chennai-600 062, Thiruvallur District.
3. Government Arts & Science College,
Sriperumbudur, Kundrathur, Chennai-600 069.
Kanchipuram District.

Health is wealth; the Fitness Centre with Sports Science Backup at Chetpet has been inaugurated in this University by Hon'ble Chief Minister of Tamil Nadu in the presence of Hon'ble Higher Education Minister, Chief Secretary and Principal Secretary of Higher Education Department on 7th July, 2022 through Video Conferencing. The Centre is useful for the sportspersons of the University and Affiliated Colleges for enhancing their performance to compete at National and Inter-National level.

The University of Madras in Collaboration with Melbourne University, Australia executed a MoU to introduce a new Course namely Blended Bachelor of Science Program in the University of Madras for a period of three years to improve the educational standards of our students without any financial commitments on our part. The University has initiated a B.Sc., (Blended) program from this academic year, which is one of the aspects of this MoU. It is the first UG program with multimajor subjects with an Overseas University. It will widen the opportunities of students at the global level.

University of Madras celebrated the 75th Anniversary of India's Independence in a grand manner and 75 tree saplings were planted in Guindy Campus on that occasion as part of celebrations. The National Service Scheme, University of Madras has announced the Rangoli Competitions, Speech, Essay writing and Short Film Competitions among the NSS Volunteers on the Independence Day Celebrations. Nearly 75 Colleges participated in this competition and prizes were distributed to the winners.

University conducted four different Entrepreneurship Awareness Programmes by each of the four campuses through online mode.

The University of Madras joined hands with **Youth4Jobs** Foundation and organized a Job Fair for differently abled persons on 18th of June, 2022 in which 467 candidates registered and 308 candidates participated. More than 100 candidates were shortlisted in reputed companies like Accenture, Barclays, TVS, Infosys and Mckinsy.

The University of Madras during the academic year 2022-2023, under Free Education Scheme selected 200 students to study undergraduate programmes in 70 Affiliated Colleges.

This University through National Service Scheme and NGO Dream Kalam created a World Record for their environment promotion initiative “Go green”. They achieved the record by obtaining most number of signatures on a cloth piece towards environmental awareness and the same was recognised by World Records Union.

To encourage the specified category, this University sanctioned admission for one supernumerary seat (i.e., Differently abled, Sports person and wards of Ex-servicemen / Tamil Students of Andaman and Nicobar Island) in each Department of the University of Madras. One seat for transgender was allotted in each University Department for admission as supernumerary seat, apart from the specified category from the academic year 2021-2022.

Dr. M.G.R. Social Development Centre was inaugurated by the Hon’ble Chief Minister in the presence of Hon’ble Higher Education Minister and Principal Secretary of Higher Education, Government of Tamil Nadu in this University.

The Teaching faculty and administrative staff of University of Madras have contributed a sum of Rs.20,56,073/- to support the preventive measures taken by the Government of Tamil Nadu to control the spread of COVID pandemic.

In addition to that, the University of Madras has granted special permission to cope-up with the students’ education during the disaster of COVID-19 pandemic and given 3 more chances (to students who had not completed their Graduation / Post-Graduation) from 1990 onwards, from the academic year 2020-21. i.e. in November 2020, April 2021, and November 2021 University Examinations, which received a huge welcome from the public.

The University of Madras is very proud to say that it secured 547th rank slab 541-550 among the World Universities surveyed by the QS World University ranking, UK. The University of Madras also secured 48th rank globally for the Citations per Faculty. It also stands next to IIT-Madras in South India as per QS ranking. University of Madras was included in the QS world University Rankings for the first time ever.

The University of Madras introduced a new elective paper on ‘**Thirukkural for Professional Ethics**’ for all Undergraduate students. Another Paper titled “**Social Justice**” is introduced as one of the Elective Papers in Tamil/English in the respective semesters for all Under Graduate Programmes offered in the Affiliated Arts and Science Colleges with effect from the academic year 2022-2023 onwards.

To enrich the mother tongue, the University has directed the Ph.D. Scholars to submit not more than ten pages in Tamil Language during the submission of an abstract of their Ph.D. thesis work.

The Institute of Distance Education, University of Madras has recorded a hike in admission of students to its recognised programmes for the past two years, which is the highest in the last five years.

Based on the announcement of the Honourable Chief Minister of Tamil Nadu, the University of Madras has introduced 'Naan Mudhalvan Scheme' for the benefit of the Under Graduate students. An interaction meeting was conducted with the Chairpersons of Board of Studies in UG/Common Board with regard to the implementation of Naan Mudhalvan Scheme in the Affiliated (Non-Autonomous) Arts and Science Colleges of the University (w.e.f. 2022-2023) of the Under Graduate Courses. Accordingly, skill development training for College Faculty Members, under the dream-scheme of the Hon'ble Tamil Nadu Chief Minister "Nan Mudhalvan" was held in the University for ten days from January 30th to February 10th 2023 in two sessions. 1,080 Faculty Members of Affiliated Colleges have participated in this training.

8.1 LIBRARIES

1. HISTORICAL PERSPECTIVES OF LIBRARY:

CHEPAUK CAMPUS

Madras University Library has a glorious history by serving to the global academic and research community over a period more than a Century. This Library is called as Mother Library of all academic Libraries of south India from its inception in the year 1907. The existing library building was built in Indo-British style was opened on 3rd September 1936. This Building is built with the pointed arches in granite, domes with octagonal base. The kiosks resemble the Islamic Architecture in India. Dr. S. R. Ranganathan, the Father of Library Science and First Librarian of Madras University Library who has developed the great Indian Library Classification and catalogue systems viz., Colon Classification and Classified Catalogue Code out of his experience by serving in this Library. He used this Library as his laboratory to develop many of the Library Science theories, canons and normative principles.

A fully automated library, which is able to provide access to 3.5 lakhs of its documents, consists of rare books, manuscripts, back volumes, theses and pamphlets and fine arts collection through its OPAC (Online Public Access Catalogue). And it is also able to provide access to more than 120 University Libraries catalogue of the country through the Union Catalogue of Infonet consortia. The facilities such as Virtual library, e-Shodhsindhu, reprography, and services like UGC Infonet - Inter Library Loan services of the library are not only used by the academics and researchers of the University and also academics of the affiliated colleges and sister Universities of the country and universities of other countries. As on date, more than six thousand digitized Ph.D theses of the library are uploaded to the UGC-Inflibnet Shodhganga and the uploading of remaining digitized theses is in full swing. And as of now it has been placed in the first rank among more than 572 universities of the country in terms of research contributions by uploading ETDS to Shodhganga reservoir. Though, it functions round the year 8.00 AM to 8.00 PM, the Virtual resources of the library are channelized to the desktops of all the faculties of the University.

GUINDY CAMPUS

The Guindy Campus Library had its origin in a small room of the famous **A.C.Tech. (Alagappa Chettiar College of Technology)**, Guindy in the year **1947**, and later it was shifted to the present building in **1972**. In **1997 Silver Jubilee celebrations** were held. **Library Automation** initially funded by the Science City Project, Government of Tamil Nadu was commenced in **2000** and later completed in **2003** with the help of **UGC Special grants – ‘University with potential for Excellence’ Scheme**.

In **2003 Online Information Services** were inaugurated and **Library Web Portal** was commissioned in **2005**, which enabled the user to access information from their desktops. **‘On-Line Information Zone’– OLIZ** was opened to the Research Scholars /Students in **2006** for accessing scientific information. In **2008 Digitization of Theses** was inaugurated. **Smart Class room** came into existence in **2013**. **Laptop Zone** was introduced in **2014** and in **2016 CCTV Surveillance System** (first phase) was installed where in six Cameras were fixed at the ground floor.

TARAMANI CAMPUS

The Central Library of Dr. ALM Post-Graduate Institute of Basic Medical Sciences (PGIBMS) situated in Taramani and started functioning from 1976, which is a Constituent unit of Madras University Library System. This library serves as an Information Centre not only for the Faculty, Researchers and Post - Graduate students of the Madras University but also to the other Scientific, Clinical and Nonclinical Research Institutions around the Science City area.

MARINA CAMPUS

Marina Campus Library is a part of the Madras University Library System. It is also called as Oriental Research Institute Library which is situated at Marina Campus, University of Madras, Chennai-600 005. Dr.S.R.Ranganathan, the first University Librarian emphasized the need for language and literature collections in 1930's and collected valuable documents on various vernacular languages and literatures in the main library. These collections were extensively used by the faculties, research scholars and students for their knowledge development and research in the context of these languages and literature.

In 1976, the Honorable Vice-Chancellor, Professor Malcom S. Adiseshiah (1975-1978) started Post Graduate courses in vernacular languages and literature in Marina Campus, subsequently these rare collections pertaining to these disciplines were shifted from main library of Madras University to this campus so as to establish a separate library viz. Marina Campus Library. Thus, it was the origin of Marina Campus Library and earlier it was known as Oriental Research Library.

The documents on Dravidian and Oriental Languages such as Arabic, Persian and Urdu, Hindi, Islamic studies, Kannada, Malayalam, Sanskrit, Tamil, and Telugu were shifted from Madras University Library to Marina Campus Library. Since from the establishment of this library it served well and established as one of the best library for the above said disciplines.

8.9 INTERNAL QUALITY ASSURANCE CELL (IQAC)

Director : Dr. R. Jaganathan [From 19.08.2021 (AN)]

I. A Brief Report about IQAC

The National Assessment and Accreditation Council (NAAC) has proposed that all accredited institutions must establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become an integral part of the institution's system and work towards realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent, and catalytic improvement in the overall performance of institutions.

The University of Madras introduced IQAC on 1st July 2005. The University had initially been accredited by NAAC in 2000 with a 5-star status. It was re-accredited with an 'A' grade in 2007 for the second cycle and re-accredited for the third cycle in 2014, again with an 'A' grade. The Institutional Information for Quality Assessment (IIQA) for the fourth cycle NAAC reaccreditation was submitted on 30th June 2022 and was approved on 3rd October 2022. The Self Study Report (SSR) for the University of Madras was submitted on 3rd January 2023.

The Internal Quality Assurance Cell (IQAC) Advisory Committee was reconstituted on 9th September 2022, and the members of the IQAC were nominated according to the guidelines provided by NAAC for the constitution.

The IQAC plays a vital role in the re-accreditation process by reviewing the quality of education at the University through various means:

Conduct of Academic Audit:

The IQAC conducts academic audits for all University Departments by inviting subject experts from other universities to review syllabi, question papers, and students' answer scripts. The reports submitted by the experts are presented to the IQAC members and subsequently to the Syndicate. Based on Syndicate recommendations, these reports are sent to the heads of the respective departments.

Feedback Mechanism:

The IQAC collects feedback from various stakeholders, including students, faculty, research scholars, administrative staff, alumni, employers, and conducts a Students Satisfaction Survey (SSS). The feedback is collected on a 5-point scale and is scrutinized. The IQAC Advisory Committee and the Syndicate review the feedback, and the scrutinized feedback is then sent to all faculties through the Department heads.

Annual Quality Assurance Report:

As directed by NAAC, the University submits the Annual Quality Assurance Report (AQAR) every year, following a prescribed format. The AQAR includes data related to academic activities, research activities, financial resources, publication details, etc., for the academic year.

Scrutiny of Career Advancement Scheme (CAS) Applications:

The IQAC supports the Career Advancement Scheme (CAS) promotions of faculty members in different cadres by screening applications according to the Academic Performance Indicators (API) guidelines provided by the UGC.

Capacity Building Activities:

The IQAC conducts programs for faculty members related to promotions under CAS and also organizes programs for IQAC Coordinators and Principals of affiliated colleges. Thus, the IQAC ensures the institution's quality is maintained and contributes to the improvement of student outcomes.

II. Activities of the IQAC (2022-23)**a. Annual Quality Assurance Report (AQAR):**

The IQAC submitted the Annual Quality Assurance Report (AQAR) for the Academic Year 2021-22 on 24th April 2023 to NAAC.

b. Collection of Feedback Forms:

The IQAC has revised the Student Feedback form to include questions that determine the level of student satisfaction. Additionally, the IQAC collected around 894 feedback forms online for the academic year 2022-23 to facilitate and enhance student participation. Feedback forms from Teaching Staff, Administrative Staff, Research Scholars, Alumni, Employers, and the Students Satisfaction Survey (582) were also collected for the year 2022-23.

c. Academic Audit:

Pending Academic Audits for the CBCS examinations have been completed for 72 University Departments for the academic years from 2014-15 to 2020-21 and for 62 Departments for 2021-22.

d. Recommendation of Journals to UGC CARE List through IQAC:

The following journals were recommended to the UGC CARE List through the IQAC:

- The Journal of 'Intercultural Philosophy'
- Online Journal of "Development Economics and Management Research Studies"
- Online International Journal of Current Humanities and Social Science Researches (IJCHSSR)

Meeting of IQAC Advisory Committee:

The IQAC Advisory Committee met on 8th November 2022 and approved the online submission of AQARs for 2021-22 to NAAC in the revised format, as well as reports of feedback from Students, Research Scholars, Teachers, Administrative Staff, Alumni, Employers, and the Students Satisfaction Survey (SSS). They also reviewed the Academic Audit for the year 2021-22 for further necessary action.

8.11 NATIONAL SERVICE SCHEME (NSS)

ABOUT National Service Scheme (NSS)

The Primary objective of the scheme is development of the personality of students through community service. This objective is sought to be achieved by enabling the students to:

1. Understand the community in which they work;
2. Understand themselves in relation to their community;
3. Identify the needs and problems in the community in the solution of which they can be involved;
4. Develop among themselves a sense of social and civil responsibility;
5. Apply their education in finding practical solutions to individual and community problems;
6. Develop competence required for group living and sharing responsibilities;
7. Gain skills in mobilizing community participation;
8. Acquire leadership qualities and democratic attitude;
9. Develop capacity to meet emergencies and natural disasters; and Practice national Integration.

The National Service Scheme is a value-based youth program aimed at developing the personality of our educated youth by involving them in the community development during their leisure hour. This Scheme was introduced in the University of Madras as early as in 1969.

8.14 PSYCHOLOGICAL COUNSELLING CELL

In the academic year spanning July 2015 to July 2016 the focus of the counsellors was towards spreading awareness about counselling, connecting with various department heads to build a relationship and impress upon them our availability to conduct training on psychological topics and creating opportunities to gain audience with the students to inform them about our functions and services towards the academic community.

Doing training programs and meeting the students has helped us to establish a rapport with the student base in the four campuses of the University of Madras. Through our sustained efforts we have accomplished the following objectives:-

- A gradual increase in the footfalls towards the counselling room
- Dispelling a few myths about the counselling process
- Reaching out to students and giving them life skills through training programs
- The idea of sharing problems with a trained person
- Helping the students complete their goals
- Resolve relationship issues with their peers and seniors
- Give them a sense of direction and focus

Training Programmes were conducted Department wise periodically. The topics for the training programme ranged from Coping with emotions, stress management, assertive communication, public speaking, study skills, relationship management, motivation, time management and interview skills to name some.

Outcome

Over 150 counselling sessions have been held with students (inclusive of repeat sessions) in the last year by the counsellors in their respective campuses.

During the course of the year issues of relationship management, performance anxiety, anger management, prioritising and managing time, dealing with extreme distress due to broken relationships were addressed in individual counselling.

9.2 INSTITUTE OF DISTANCE EDUCATION (IDE)

Establishment

The Institute of Correspondence Education was established in 1981 and its nomenclature has been changed to Institute of Distance Education with effect from 08th April 2004. The courses of study that are offered in the Regular Stream by the University of Madras is also offered by the Institute of Distance Education, University of Madras.

Structure of Programmes

In the Regular Stream, candidates with requisite educational qualification as adopted all over the country for Higher Education are admitted. For admission into the first degree course a pass in Higher Secondary / PUC / Intermediate / Pre-Degree Examination or equivalent examination is the required qualification as in the case of admission of candidates to affiliated colleges.

The Institute of Distance Education (IDE) of the University of Madras was started with a vision to impart higher education at affordable cost to those students who are unable to continue with higher education through regular mode in colleges and University departments for various reasons. The objective of IDE programme is to take education to the doorstep of aspiring masses with the mantra 'anyone, anywhere and anytime'.

The Courses offered through IDE of the University of Madras are approved by the University Grants Commission (UGC), the apex body to regulate Higher Education in this country. The courses and curricula are designed as per the UGC ODL (Open and Distance Learning) Regulations, 2017 and we have introduced **Choice Based Credit System** (CBCS) which was implemented in regular stream of affiliated colleges more than a decade ago. In addition, the University of Madras adopted common syllabus for both regular and distance education so that the standard of distance education will be on par with the regular stream and also to facilitate moving from distance to regular mode and vice-versa. The Self Learning Materials are prepared as per the UGC guidelines and in future e-materials including video lectures are to be provided to make learning easy and enjoyable. The Personal Contact Programmes (PCP) are handled by experienced faculties from the University departments and Affiliated Colleges.

The **IDE** presently offers a total of 82 degree programmes across all disciplines comprising 19 Under Graduate, 27 Post Graduate, 19 Diploma and 17 Certificate Courses

Personal Contact Programmes

The Personal Contact Programmes organized by the institute provide access for learners to academic interaction. Based on the knowledge acquired from the print materials sent by the institute, learners can get their doubts clarified from the academics concerned. Besides the in-house faculty, lecturers from affiliated colleges are invited to handle classes. By practice, over the years, the institute has access to the services of a team of outside talents who can establish good rapport and adapt communication skills to suit the needs of the distance learner. In the case of Certificate and Diploma Courses meant to impart technical and managerial skills, experts are drawn from industry and the corporate sector. Through these programmes, the institute strives to reduce the isolation faced by the distance learner.

Broad Based Admission and Learning

LEARNING SUPPORT CENTRE

In order to facilitate admission on a larger scale, Learning Support Centres have been established. There are 122 centres in Tamil Nadu. This step has been taken to provide easy access of opportunities and facilities.

PERSONNEL

According to the sanctioned strength, the Institute is headed by Professor-cum-Director who is assisted by faculty comprising Professors, Associate Professors and Assistant Professors. On the administrative side the Institute has two Deputy Registrars, one Nodal Officer, six Assistant Registrars, one Public Relations Officer, twenty six Section Officers and other Administrative staff.

As students opting to study in the distance education mode face difficulties in choosing the course or medium of study that would be suitable to them, IDE, UNOM introduced the Learner Support Centres from 2018 as per the UGC Guidelines. The major objective of the Learner Support Centres is to give counselling to candidates to select their preferred course and medium of study keeping in mind their ability and future requirement. Proper counseling would ensure students being guided in the right direction.

The second objective of the Learner Support Centres are [i] Issuing of Prospectus and Application form on payment through online, [ii] Assisting the candidates in filling up the application form, [iii] Separate login provided by the IDE UNOM website to the Co-ordinator, Learner Support Centres for administrating the students, [iv] To remit the Tuition Fees through online (SBI collect)/ Challan to The Director, IDE/ and get the acknowledgment immediately from the Co-ordinator, [v] To collect the set of study materials from the Centres, [vi] To conduct the Personal Contact Programme at the centre, [vii] To represent the students grievances if any through the Co-ordinator and [viii] The Students are Register Exam application through online and also apply for provisional and convocation certificates application collected from the student along with end semester Exam Registration.

Mode of Teaching

1. The Mode of teaching includes the following strategies :

- [a] The Personal Contact Programme [PCP] is conducted for all the Courses.
 - [b] The Study materials are given to all the students. The study materials can also be collected by the students at the office of the I.D.E. and approved Learner Support Centres..
 - [c] Practical Classes are conducted for the students of B.Sc. Psychology, B.C.A., M.Sc. Psychology, M.C.A. and M.Sc. [I.T.] Courses.
2. Personal Contact Programmes are conducted in Chennai only.
3. Practical Classes to B.C.A. and M.C.A are conducted at Chennai. The Institute has a Computer Laboratory to conduct practicals for about 200 students at a time.

Computer Centre

The Centre carries out the following activities:

1. Creation, updating and maintenance of students master for printing Identity Cards, Transfer Certificates and other work in progress.
2. Generating hard copies of Admission Registers for admission section and providing the required database to examination section to ensure consistency in processing.
3. Updating students master for change of address and other particulars to ensure effective Communication of learning materials.
4. Printing address labels and postal journals course-wise / scheme-wise / medium-wise and other required sub modules for sending appropriate communication, letters and lesson materials to students.
5. The particulars of Demand Drafts towards registration fee, tuition fee and examination fees collected from the students are computerized and processed for remittance into the Indian Bank.

Research activities

The Research activities are presented in the reports of IDE Faculty.

Restructuring of Existing Courses

1. Implementation of latest Semester Syllabi under Semester pattern in IDE from 2018-2019 onwards.
2. Reduction of duration of M.B.A. Programme from three years to two years as in the case of Regular M.B.A. Programme.
3. Offering of Communicative English also as an additional alternative subject like other language subjects for Part-I Tamil.
4. Implementation of credit system for all the courses w.e.f. the academic year 2012-2013. Onwards.

Restructuring of Study Materials

The University is committed to modernize the services of the IDE. As a first step, it has undertaken a quality assessment of existing study materials, which are converted into SLM [Self Learning Material] format from the academic year 2005-2006 onwards. It has been considered to offer more need based and skills oriented courses. The study materials are being prepared and issued to students in Self Learning Format based on the revised syllabi from the academic year 2005 – 2006. The total numbers of study materials prepared in 2005 – 2006 was 199. 214 study materials have been prepared for the year 2006 – 2007 and 640 study materials in the SLM format have been prepared in the year 2007 – 2008.

As per the UGC regulations ODL 2017 from the year 2018-2019 onwards the lesson materials are to be prepared in SLM [Self Learning Material] method and the PCP classes/Examination are to be conducted in semester pattern with Credit System.

The entire syllabus was revised by the Board of Studies which is approved by Syndicate & Senate under semester wise and the lesson writers were identified by conducting workshop and orders were issued to the Lesson writers to write the lesson under the revised syllabus/semester pattern in SLM method.

De-centralization

In order to streamline and facilitate quality improvement of IDE, the University has decided to decentralize the academic-cum-administrative responsibilities of IDE. To achieve this faculty members of IDE have been nominated as Co-ordinators, for various assignments.

Student Support Services

Proposals are underway to develop audio programmes, video programmes, tele-conferencing and computer assisted programmes. Students are guided to pay the fee without any additional charge through designated bank.

Call Centre

A Call Centre has been inaugurated at the IDE Buildings on 01.04.2005 by the Vice-Chancellor to help the students to get their grievances attended to just over the Telephone. All their grievances will be recorded processed and for their contact date and time will be informed.

10.4 NETWORK OPERATING CENTRE

Director : Dr. P.L.Chitra [From: 6th November 2020 to 12th July 2022]
Dr. S.Sasikala [From : 12th July 2022]

University Network & Internet Operations established in 2004 for researchers and students working in challenging research areas are spread around in five campuses of University of Madras for Arts & Humanities, Advanced Mathematics, Science & Applied Sciences and Basic Medical Sciences. This facility enables Researchers, Academics, Students and Administration to use information and communication technologies and expertise to achieve and maintain knowledge superiority essential for the academic education and in research space. The university operates in four network operating centres (NOC) with sophisticated network facility serving to 3000 users directly and 1500 indirectly maintaining the University's inter and intra network, internet, information space and services to support for research and to promote innovative solutions.

The NOC supports for centralized IT infrastructure for e-governance and examination processing for online results processing for all affiliated colleges and the university departments. Basic information security and a high level network security have been covered. Improved network and internet infrastructure was envisaged based on the demand and importance in an academic and research institution. Revamping and modernization of network and internet was initiated with an emphasis to provide increased internet access for better connectivity. For this, each campus NOC is strengthened with advanced computer servers and internet path by a way of secured connectivity. Network and Internet access speed has been provided to all the campuses directly (leased line connectivity) with a 100 Mbps connection in Chepauk, 12 Mbps in Marina, 40 Mbps in Guindy and 12 Mbps in Taramani campuses. An intuitive and informative dynamic web site updating facility for the faculties and administrators is in force. The University is also linked with the MHRD supported National Mission on Education through Information Communication Technology (NME-ICT) thro' a 1 Gbps high speed national link with a 1000 Mbps internet path and further connected with the National Knowledge Network (NKN), an initiation by the National Knowledge Commission, Govt. of India to get connected virtually with other institutions, libraries and research labs for exchange of information and access across India and to International network. The NKN connectivity is interlinked to all the University campuses with a dedicated fiber optic link between the campuses, enabling the users to have inter and intra net communication operations, e-governance and for fail-over. Wi-Fi access has been implemented with indoor and outdoor access points in all the campus and is functioning well since 2012.

Faculties are provided with internet to their desktop and a laptop connected to the LAN and in-turn connected to the internet access. In addition, the university network enables access to all the online journals and research articles subscribed by the university as well as from national institutions through the respective libraries. A close user group mail service is put in action for the faculties and extended to the researchers and students.

A Next Generation Network Firewall has been installed at Guindy campus Network Operating Centre for providing network security to campus Wi-Fi and LAN networks. University Website revamped with more information for user visiting the website, and added more features for easy access of faculties and students.

NOC's are in a centralized location interconnected with other campuses having infrastructures of high end servers and network equipments and operational on 24 x 7 x 365 basis, and also a centralized control center where Administrator and IT supporting staff constantly monitor the campus network, manage, identify and solve the network issue when they occur to ensure 24/7 uptime, stable, reliable and secure Internet / Network service for University Enterprises systems.

10.5 LANGUAGE LABORATORIES

Language labs set up in four campuses- Chepauk, Marina, Guindy and Taramani, the lab in the Marina Campus was attached with the then Campus Director for teaching Soft skills. When the University outsourced the teaching of Soft skills, the lab in the Guindy campus was also used. Oral permissions were given for making use of the lab for that purpose. The lab in the Taramani Campus, which was merged with the library on the first floor, was also used for teaching communication skills part I and II. Softwares are yet to be upgraded in all the labs.

During the pandemic outbreak, these labs are not functioning in the past two years. However, the lab in Chepauk campus, located in the second floor, adjacent to the Department of Jainism, is occasionally used by the COEs office to enter data during publication.

DEPARTMENT OF FRENCH & OTHER FOREIGN LANGUAGES

Our Department of French and Other Foreign Languages is one of the most dynamic Centres in India. Our curriculum is designed in a such holistic manner that it not only inculcates ethics and morals values but also fosters communicative, entrepreneurial, leadership and employability skills.

Our students fair well in UGC-NET examination and are all well placed in teaching and IT sectors.

Our Department enjoys a healthy and fruitful collaboration with the Association of Indian Teachers of French, Association international des Etudes québécoises (Quebec), Centre de Recherche inter universitaire sur la Literature et la Culture québécoises (Quebec), GOPIO-Réunion, Bureau du Québec à Mumbai, etc. This helps us in organising many academic activities such as national and international congresses, training programmes for teachers, etc.

We also have informal collaborations with other Indian universities and senior professors are invited to deliver special lectures.

We have conducted three National Seminars: 2 under RUSA 2.0 project funds and one under non plan.

Our objective is to make foreign languages accessible to everyone thereby making a strong social impact. Now students from financially weaker sections study masters programme in foreign languages to carve a brighter future.

DEPARTMENT OF INDIAN MUSIC

The Department of Indian Music at the University of Madras is truly exceptional in several regards. In addition to offering two Certificate Courses, namely Voice Training and Karnatak Music, the Department goes above and beyond by organizing an array of workshops that encompass a wide spectrum of musical genres and practices. These workshops cover topics ranging from Western music genres and innovative voice training techniques to the rich traditions of folk theatre and classical temple music, among many others.

The Department in collaboration with SPIC-MACAY conducted a Dhrupad concert by Padmashri Awardee. Wasifuddin Dagar in July 2022. The students had an opportunity to experience the Dhrupad exposition and interact with the world renowned artiste of international fame representing the traditional Dhrupad which is a classical Hindustani genre.

Furthermore, our Department had the privilege of hosting two Fulbright scholars, whose valuable interactions enriched our understanding of their respective areas of expertise. To provide students with broader insights, numerous workshops and lecture demonstrations were conducted, shedding light on these diverse subject areas.

A Two day National seminar on 'Music in other traditional arts' was conducted on 6th and 7th of February 2023, which provided an insight into the musical aspects of different traditions such as Tirumurai, Terukkoothu, Bharatanatyam, film music and Harikatha.

In alignment with the RUSA project, our dedicated Project Fellow took the initiative to coordinate songwriting workshops. This endeavor was made possible through collaboration with specialists who possess profound expertise in the field. This holistic approach to music education and exploration underscores the department's commitment to nurturing talent and fostering a deep appreciation for the multifaceted world of music.

The Department's research output has significantly surged due to substantial advancements in their research endeavors, which encompass publishing research articles in UGC Care journals and presenting papers at renowned institutions of international acclaim, such as the Music Academy and also present papers in conferences organised by other reputed institutions, colleges and Universities.

The students of the Department have been actively involved in delivering captivating performances, specifically curated for an audience of connoisseurs who deeply appreciate the dedication and rigorous training they have received. Their performances encompass the realms of classical Karnatak Music and Bharatanatyam, two rich and revered artistic traditions.

These talented students showcase their expertise not only during the prominent music and dance festivals in Chennai but also on various other performance platforms dedicated to their craft. What sets them apart is their remarkable ability to not only excel in executing traditional pieces but also to craft original compositions and choreographies that bring a fresh perspective to these art forms.

Through their collective efforts, they assemble cultural events of exceptional quality, receiving high praise and recognition from both enthusiasts and critics alike. Their commitment to preserving and advancing these classical art forms is truly commendable, and their performances continue to be cherished and applauded by audiences across all cultural backdrops.

DEPARTMENT OF VAISHNAVISM

Vaishnavism is one of the major traditions within Hinduism. It is also called worship of "Vishnu", its followers are called Vaishnavas, and it considers Vishnu as the Supreme Lord. The Vaishnava tradition has many Sampradayas: Dvaita School of Madhvacharya, Advaita School of Sri Adisankara & Vishishtadvaita School of Ramanuja. Sri Vaishnavism Sampradaya of Ramanuja advocates ultimate surrender and asserts that everyone has an equal access to god irrespective of his birth, caste and creed. Other doctrines of Vaishnavism, Gaudiya Vaishnava, Nimbarka and Vallabhacharya tradition, devotees worship Krishna as the Supreme form of God. In many Vaishnava traditions, Krishna is accepted as a teacher, whose teachings are in the Bhagavad Gita. Vaishnavism, just like all Hindu tradition, considers the Vedas as the scriptural authority. The Bhagavad Gita is an important scripture not only within Vaishnavism, but also to other traditions of Hinduism. Vaishnava Agamas the Pancaratra samhitas is a genre of texts which present the daily worship rules for temples. The philosophy and teachings of the Vaishnava Puranas are bhakti oriented, but they show an absence of a "narrow", sectarian spirit. The Alvars, were Vaishnava poet-saints established temple sites such as Srirangam, and spread ideas about Vaishnavism. Their poems, compiled as Divya Prabandham, developed into an influential scripture for the Vaishnavas. Community practices such as singing songs together (Kirtan or Bhajan), praising and ecstatically celebrating the presence of god together, usually inside temples, are part of varying Vaishnava practices. These help Vaishnavas socialize and form a community identity. There are certainly immense benefits to be gained from living together and following the same path. And there are immeasurable rewards when you sacrifice personal ownership and practice a sharing of all goods and tasks. You really do need some tough personal disciplines like that to help you make the subjugation of ego required to live in community which offers an opportunity to grow spiritually. Vaishnavism Department has done yeoman service in building character in personnel. It is said that the true identity of a Vaishnava is that "If he feels that pain of others' sorrows he is Vaishnavite, if he is inert and does not feel for others' pain he is a Non-Vaishnava". The Vaishnavism Department has instilled a sense of tolerance in the minds of people, the need to treat all as equal in front of Sriman Narayana, consider all the universe as a single community (Vasudeva Kudumbakkam), respect everyone's right to surrender to god and get liberated. The Department's appeal has been such that there have been repeat students who want to study again in the department's various courses and of late there have been a surge in the number of youngsters who joined immediately after their bachelor's degree. At a time when the world is torn with sectarian violence and insistence on "Me and Myself" our Department advocates, 'surrender', simplicity of living' and tolerance. The small step in character building by our Department is in fact a huge leap for our mankind.

The Department has also organised the Professor P.Natarajan’s Endowment Lecture on 7th March 2023, in that meeting Professor Dr. MOHANBHAI N. PATEL, Professor and Head, Department of Chemistry, Sardar Patel University, Vallabh Vidyanagar 388 120 have been invited to deliver the Endowment Lecture on “Coordination Complexes and DNA Interactions”. Professor K. Pandian has recognized and awarded FRSc by Royal Society of Chemistry, London and nominated as SAEST-Council Member (2 years), CECRI (CSIR), Chennai Chapter. He has also nominated as member in the Board of Studies in Sri Venkaeswara University, Thirupathi and Central University Pondichery, KCG College of Engineering, Chennai affiliated to Anna University. Professor K.Pandian, Professor and Head has been appointed as Chairman of PG Board of Studies in Chemistry, University of Madras. He also served as a Chair-Person in School of Chemical Sciences for 2022 to June 2023. He has been serving as Dean of Student Affairs and Convener of Redrasal Greivance cell, University of Madras, Member in Anti-Ragging Committee, University of Madras. Also member in Green Nano-Technology and Chemistry, Central University, Pondichery. Dr.K.Pandian also serving as Co-Chairperson in National Bio-Diversity Authority of India (NBA).

DEPARTMENT OF ORGANIC CHEMISTRY

During the period of July 2022-June 2023, three of our Ph.D students and thirteen of M.Sc students completed their degrees. Among three Ph.Ds completed, one person joined IIT Madras as a National post-doctoral fellow. The second one got into industrial position and the final one secured PDF offer from UAB, USA and is waiting for his US Visa formalities. Three of the M.Sc students also secured Ph.D position at UAB, Alabama with full financial support. Additionally, two of the M.Sc students joined for their Ph.D program in Taiwan.

Dr. P. Balasubramanian (1983-Ph.D alumni) from USA has visited Department and interacted with M.Sc and Ph.D students on February 23, 2023. Subsequently, with help of Dr. Balasubramanian MUOCDA (Madras University Organic Chemistry Department Alumni) online zoom meeting was held among Department alumni members during the first week of April 2023. Based on the alumni meeting held, the commitment letters (50 Nos) from MUOCDA alumni members from India as well as abroad were collected. The required commitment letters along with Department committee minutes were then submitted to The Registrar, University of Madras for initiation of MUOCDA endowment to support the maintenance of high-cost equipment's such as NMR and HRMS.

On research front, our Department has published five papers in the reputed international journals such as Green Chemistry, Organic Letters, Asian Journal of Organic Chemistry, Chemistry select and Synthetic communications having Impact factor range of 2-11. Three Ph.D students presented research work in the "International Conference on Organic and Medicinal Chemistry" held at NIT Warrangal and two of them got best poster and presentation awards, respectively.

DEPARTMENT OF PHYSICAL CHEMISTRY

The prestigious 165 years old University of Madras, is known for its long history, heritage and services to Higher Education across the state, country and globe as well. Our Department was established in 1952, by Prof. M. Santappa, first HOD, a recipient of the Shanthi Swarup Bhatnagar Award for Research in Chemical Sciences, and also served as a Director of a National CSIR Laboratory and Vice-Chancellor of the University of Madras. Subsequently, many Professors have administrated the Department in the capacity of Professor & Head and developed to appreciable height. Prof. T. Balakrishnan was the long serviced Head of Department who contributed sizably for the enhancement of sound teaching & research in the Physical Chemistry discipline with specific reference to Thermodynamics & Quantum Mechanics. Many outstanding Physical Chemistry teachers like Prof. Meenakshi Maruthamuthu, Prof. V. R. Vijayarghavan, Prof. K. Chandrasekara Pillai and Prof. J. Santhanalakshmi worked in this Department and contributed individually to strengthen the teaching and research.

This Department has produced Vice-chancellors, Internationally acclaimed Professors, Scientists, Educationalist, Industrialist, Bureaucrats and so on. Prof. T. Balakrishnan, Former Professor and Head, Department of Physical Chemistry served as a Vice Chancellor of Periyar University and Prof. P. Maruthamuthu also as a Vice-Chancellor of Madurai Kamaraj University. This Department has produced more than 800 Ph.D. degree holders with 4000 publications, above 3500 M. Sc., M.Phil. students up to now. For the past 71 years, the Department has nurtured the growth of several students and faculty into academicians, industrial chemists and academic administrators of high standing. Research programmes conducted in the Department have resulted in important contributions to Physical chemistry including Polymers, Dendrimers, Catalysis, Electrochemistry, Sensors, Photochemistry, and recently Nanomaterials, Sensors, Supercapacitor applications. A brief list given below is an indicator of the highlights in the History of the Department. The Department was recognized for the UGC-SAP and COSIP-ULP in 1975.

Apart from regular teaching & research in the area of Physical Chemistry, we have trained huge number of College & University teachers all over the country through Faculty Development programmes and Refresher Courses. The outstanding publications earned by the Department in the area of catalysis have led to elevate the Department as “Center for Excellence in Catalysis” and also recognized as DST-FIST Department for the year 2005-2010. The most important achievements/recognitions were earned by the Department during 2018-2020 by Prof. E. Murugan, the present Head has served as a chairman for book writing committee to Chemistry text books for T. N. Govt. State Board Higher Secondary Students i.e., +1 & +2 students. The break through achievement earned by the Department during March-2017 is its invitation of an International Scientist Prof. Sumio Iijima, Meijio University, Japan, a discoverer of CNT under Sir. C. V. Raman Fellowship, and he stayed here for two weeks and delivered series of lectures in the area of Smart Materials and also trained the research scholars in advanced research areas. Very recently, the Department has organized International Conferences during Jan-2020 and Mar-2022 on smart nanomaterials for catalysis, drug delivery & sensors. For every conference, around 550 academicians/researchers/scientists across the globe attended the conference. The conference outcome has been published in four international journal volumes.

DEPARTMENT OF POLYMER SCIENCE

Department of Polymer Science is come under School of Chemical Sciences. This Department teaching focuses mainly Chemistry with specialization of Polymer Chemistry and this Department created in the year of 1983. This Department conducting M.Sc. and Ph.D. programmes. Major areas of research is undergoing in the field of Dendritic and hyper-branched polymers, Multi-component organic synthesis, Polymer-nanocomposites, Nanoparticles synthesis, Sensors, Blocked isocyanate chemistry, biopolymers and Energy devices. Sophisticated instrumental facilities and equipments available in the Department: UV-Vis and Fluorescence spectrophotometers, FT-IR spectrophotometer and Tensile testing machine, etc. The consultancy potential of the Department exists in the areas of polyurethanes, polymer synthesis, polymer composites and metal containing Polymers

DEPARTMENT OF APPLIED GEOLOGY

A week workshop during 31st October to 7th November, 2022 has been organized by Prof. R. R. Krishnamurthy, Department of Applied Geology, University of Madras, entitled “Natural Disaster and Management”, which was funded by the Science City, Department of Higher Education, Tamil Nadu. It has provided a wonderful opportunity for the students to interact with the subject experts from NIOT, NCSCM, NDMA, IFS, and IIT Madras. Experts interactive sessions highlighted about the impact of coastal disasters, coastal resources such as mangroves, coral reefs etc., including the disaster mitigation measures, early warning systems and climate change adaptation strategies. Additionally, special lectures on various topics covering the core subjects of Applied Geology viz., Paleontology, Geochemistry, Oceanography, Structural Geology, Petrology, and Hydrogeology have been arranged by inviting experts from the GSI, PWD and Anna University. Madras University Applied Geology Alumni Educational Association (MUAGAEA), jointly with the Department of Applied Geology, organized a special lecture on “Applications of Geochemistry in Oil Exploration” by Mr. Antonio Bonetti, Organic Geochemistry Domain Expert from GEOLOG International B.V., Milano, Italy. This lecture pointed out the mudlogging techniques and the petroleum exploration to determine the oil, natural gas, or water in the formations penetrated by the drill bit and to ascertain the depths of any oil- or gas-bearing formations. Prof. Alex Babanin, University of Melbourne, Australia, has delivered a seminar on 7th December, 2022, entitled “Wave-induced influences in the Atmospheric Boundary Layer, upper ocean, and marginal ice zone and their significance for understanding marine weather, including extreme Metocean conditions and global climate”. The students and scholars have participated in a five-day hands-on training program on "Modern tools and techniques for sustainable water resources management practices with special reference to Tamil Nadu Water Management Programmes", conducted by Centre for Water Resources Management (CWRM), University of Madras, jointly with the Science City, Department of Higher Education, Tamil Nadu during 19th-23rd December, 2022. This helped the students to enhance their practical knowledge by handling the operation of sophisticated instruments such as IC, AAS and XRF for water quality studies. Moreover, the students have also participated in the e-lecture on "Introduction to Geophysical Methods" and "Application of Space Technology in Geoscience, Engineering, and Disaster Management" organized by the GSI, Hyderabad. The Department of Applied Geology presented geological live models and rock and fossil specimens in the stalls for 3 days organized by the Science City, Department of Higher Education, Tamil Nadu during 28th February and 1st March, 2023. As a part of the curriculum, both the I and II year students of M.Sc., Applied Geology have undertaken the field trips in various parts of the country to gain field experiences from geologically important sites to supplement their classroom learning and to equip themselves for appearing job interviews in addition to their experimental based dissertation work.

DEPARTMENT OF GEOLOGY

The Department has been actively engaged in teaching, research and consultancy services. A total of 41 and 17 M.Sc. students have been enrolled in Regular and Self Supportive mode in the Department, respectively. The Department has organized the International fossil Day on 17-10-2022. The Department has also organized World Earth Day on 20th April, 2022. The faculty of the Department have received various awards and funding research projects from DST - SERB, New Delhi and TANSCH, Chennai. The students of the Department have installed a science stall in the Chennai Science Festival 2023 jointly organized by Science City and Tamil Nadu Science and Technology Centre, Higher Education Department, Government of Tamil Nadu on 28th February and 1st March, 2023. Four Ph.D. candidates have been awarded their Doctorate Degrees during the current academic year. The Head of the Department has been elected as Vice-President of the Paleontological Society of India, Lucknow. Few students have been qualified for GATE, NET/SLET.

DEPARTMENT OF GEOGRAPHY

One of the nation's oldest Departments, the University of Madras' Department of Geography celebrated its Golden Jubilee in 1982. Over the nine decades since the Department's founding in 1932, it has established strong traditions of both teaching and research. When the faculty was reinforced and new courses for the M.Sc. Applied Geography were offered in 1976, the academic endeavours received a significant boost. The Department has regularly updated the curriculum. The Department was in the forefront of implementing both the Credit Based Semester System (CBSS) initially followed by the Choice Based Credit System (CBCS).

Academic Programmes

The Department currently has academic programmes for M.Sc., M.Tech. and Ph.D. Degrees. Geospatial technology and its applications in sustainable resource planning and management are the focus of the Ph.D., M.Tech, and M.Sc. programmes offered by the geography department at the University of Madras at the moment.

M.Sc. APPLIED Geography

The M.Sc. Applied Geography Programme is a specialised one with heavy inputs on applied aspects of the discipline especially GIS, EIA and Remote Sensing. The intake of students is limited to 20. The success of the training imparted to the students is reflected in their ready absorption in jobs and in specialised research programmes.

M.Tech Geoinformatics

The M.Tech in Geoinformatics Programme at the University of Madras is an outstanding academic programme that provides high quality training in the fundamentals of spatial data modelling, analysis, and application.

The curriculum covers geospatial principles, techniques, and technologies, computational tools and techniques, digital map creation, 3D modeling, remote sensing image processing, data management and analysis, and 3D spatial modeling alongside coding and programming aspects.

The programme is structured into four semesters and offers students a balance of classroom instruction and hands-on project-based learning opportunities.

Under the supervision of experienced faculty members, students develop an in-depth knowledge of the subject areas of their specialization through lecture-based instruction and laboratory-based projects. They learn how to apply their knowledge to solve real-world issues.

Ph.D Programme

The Ph.D. programme is a specialised one with emphasis on socially relevant research such as agricultural and rural geography, watershed management, ground water resources, natural hazards and climate change, integrated area of planning, urban and metropolitan problems, quantitative and spatial analysis in geography, disparities in availability and access to resources, urbanization and mental health, health care delivery systems and other environmental problems along various other relevant themes from physical, economic and social geography.

DEPARTMENT OF BIO-CHEMISTRY

The Department of Biochemistry is one of the oldest Department in the University, and it was started in the year 1933 under the headship of Dr.M. Damodaran, to study “Chemistry and Metabolism of Protein and Enzymes”. Since 1945, the Department offers M.Sc, M.Phil and Ph.D. programmes in Biochemistry. The Department teaches and researches in the areas of cardiovascular biology, cancer biology, neurobiology, signal transduction and mechanisms of non-communicable diseases. This Department has received extramural research grants from various central agencies such as UGC, ICMR, CSIR, DBT and DST. The sophisticated equipments in the Department are: in vitro cell culture facilities, HPLC, ELISA reader, spectrophotometer, refrigerated high speed centrifuges, fluorescent microscope, and other instruments essential for biochemical investigations. The department offers consultancy for evaluation of drug efficacy and safety of cardiotonic drugs and ayurvedic drugs. At present, there are 66 PG and 17 researchers are pursuing their studies in the Department.

DEPARTMENT OF BIO-TECHNOLOGY

Since its establishment in 1997, the Department of Biotechnology at the University of Madras has played a pivotal role in shaping the academic landscape. This historical Department has consistently aimed to cultivate critical thinking and inspire students to enrich their knowledge, guided by Prof. K. Kathiravan, the Head of the Department of Biotechnology, University of Madras, Guindy Campus, Chennai – 600 025.

In its relentless pursuit of providing an intellectually stimulating environment, the Department consistently encourages intellectual discourse, robust discussions, scholarly writings, and innovative research that challenges the prevailing norms. The Department's academic prowess is manifested in its dedication to nurturing the creative and scholarly talents of its students, equipping them to explore international educational opportunities and seek new and promising horizons. Dr. K. Kathiravan, Professor and Head of the Department, specializes in the realms of Nano Biotechnology, virology, and the establishment of cell line facilities. Dr. K. Umamaheswari, an Associate Professor, focuses her research efforts predominantly on Medical Mycology, boasting an impressive track record of numerous publications and research projects. Dr. G Vijaiyan Siva, Associate Professor, is deeply involved in the sphere of Environmental Biotechnology, demonstrating a substantial publication record and research productivity. Dr. E. Sumathi, specializing in Nano Biotechnology, Medicinal plants, and research areas related to Oral cancer, has also amassed a considerable number of publications and research projects.

Research projects are being carried out with significant support from ICMR, SERB, TANSCH, and RUSA 2.0. With the great support of our faculties, our scholars have carried out many publications in reputed journals with a significant presence in Scopus. Students benefit from numerous special lectures by Senior Scientists and Professors invited from Universities and Research Institutes such as ICMR-CIBA, Sathyabama Institute, CLRI, Ministry of AYUSH, ITFR, and more to enhance their knowledge.

DEPARTMENT OF ZOOLOGY

The Faculty Members of Department of Zoology were involved in various academic activities, which includes guiding for Research Scholars, conducting International and National level seminars/workshops, projects operating, paper publishing in International and National Journals and participating and conducting various levels of seminars/conferences during the period 1st July 2022 to 30th June 2023 are highlighted in this reports. There are 4 candidates were registered for Ph.D in the Department under different supervisors, 2 scholars were submitted their Ph.D thesis and 4 research scholars were completed their viva-voce examination and awarded the Doctoral degree. The Department has organised a Refresher Course under the UGC, HRDC, Programme of University of Madras from 26-10-2022 to 08-11-2022. The course was conducted by Dr. C. Arulvasu and Dr. R. Manikandan. Dr. R. Shanthi attended the refresher course from 17-03-2023 to 30-03-2023, conducted by UGC-HRDC, Madurai Kamaraj University. Apart from, our Department organized one day International Symposium during March 2023 and organised 15 days summer training program in biology from 03-06-2023 to 17-06-2023. One major project and four minor projects were sanctioned and overall 8 projects were operating during this period with a fund of 7,41,75,000/=. There were about 14 research papers were published in Scopus/Web of Science, UGC listed Journals with an overall impact factor 21.583, having the average impact factor of 1.542/per publication. Faculty members also participated and acted as a resource person in 4 Seminars/Conferences both in International and National levels. Dr. C. Arulvasu, received a certificate of commemoration in recognition of twenty five years of unblemished record of service in University of Madras.

CENTRE OF ADVANCED STUDY IN CRYSTALLOGRAPHY & BIOPHYSICS

During the reported period, a total of 23 publications have come out of the Department in peer-reviewed International Journals. Two faculties have received the extramural projects. Three faculties served as resource persons in National/International Conferences/E-workshop and six lectures were given. Four faculties attended the refresher courses. Faculties also presented papers at national/international conferences. Three M.Sc students have gone for higher education and three students got jobs in private companies. One Ph.D student has received an INSPIRE Fellowship and another received a UGC single girl child scholarship.

CENTRAL INSTRUMENTATION AND SERVICE LABORATORY

In 1976, the Central Instrumentation & Service Laboratory was established by the UGC with the aim of providing sophisticated instrumentation facilities to various Departments within the University. Subsequently, it was renamed as the University Science Instrumentation Centre (USIC). As per the UGC guidelines, the USICs operate at different levels with specific functions. At the higher level (USIC-Level III), the Centre underwent an upgrade and incorporated academic and research activities. It started offering special courses in Instrumentation, short-term courses, and post B.Sc. Diploma in Instrumentation. Over the years, the Centre has made significant progress and achieved a higher level than Level III by introducing advanced academic programs like M.Phil and Ph.D. in the years 1985 and 1982, respectively. Additionally, the Centre has been organizing various Post-Diploma and Summer Training programs since its inception. After 2007, the Centre shifted its focus to conducting academic programs, primarily M.Phil. and Ph.D. courses. Presently, the Centre offers P.G. elective courses for other science Departments and U.G. elective courses for the Blended B.Sc. program. It inculcates the basic and advanced level knowledge in instrumentation science and extends technical support for the servicing of Laboratory and Research Instruments. Further, it promotes the skill in designing, fabrication, and testing of Instruments and creates opportunities to promote research in various fields of scientific instrumentation. The Centre has produced 25 Ph.Ds., 82 M.Phils. (Scientific Instrumentation) and several M.Sc. (Electronic Science), degree holders till now. This Centre has developed several research facilities such as MEMS/NEMS design and testing facility, DSP and FPGA based image processing facility, Ozone Generation and Testing facility, Virtual Instrumentation facility, Biomedical Signal and Image Processing facility, and Biometric Image Processing facility. The Centre has published more than 100 research articles in reputed National and International Journals. Based on the quality of research publications, the best researcher award has been given by the International Research Awards on New Science Inventions (NESIN2020 Awards), Science Father. Further, Outstanding Contribution in Reviewing, IEEE Senior Membership and Fellow of Academy of Sciences (Chennai) has been awarded in recognition of significant contribution for the advancement of Instrumentation Science. The expertise of the faculty members of this Centre has been utilized to contribute two books for the HSC vocation course entitled, "Basics Electronic Engineering", and one vocational skill development book entitled, "Installation Technician - Computing and Peripherals" for XI standard, under the Samagra Shiksha State Project, Directorate of Tamil Nadu School Education. For the benefit of the Tamil medium students learning Instrumentation Science, several basic and research articles have been published in Tamil by this Centre. Several lectures, workshops, conferences, short-term courses and seminars have been arranged for the dissemination of technical knowledge on various aspects and recent trends in Instrumentation Science at the School, College, and University (National and International) levels.

DEPARTMENT OF NUCLEAR PHYSICS

The Department of Nuclear Physics was established in the year 1969 and the courses/ research Programmes offered are M.Sc. Physics, M.Phil Physics and Ph.D. in Physics. The Department Faculty Members are involved in the state of the art research areas of Materials for Spintronics, Magnetic Materials, Photonics, Laser Materials Processing, Photocatalytic, Thermoelectric, and Energy Materials, Radiation safety and Ion-implantation based material modification, Positron Annihilation Spectroscopy. Facilities created under UGC SAP, DST-FIST level I and through individual faculty projects, collaboration with national/ International institutes support the research activities. The research output of the Department has led to more than 250 publications in peer-reviewed International Journals (Elsevier, Springer, Wiley, ACS, RSC, IOP, AIP etc.) in the last five years. Free NET coaching classes are conducted on Sundays by University/Institute professors. Students face competitive examinations with confidence to pursue higher studies/placed in leading institutes as scientists, Assistant Professors and teachers. A summer training Programme is conducted every year to create awareness in research among rural area students of Tamil Nadu.

DEPARTMENT OF THEORETICAL PHYSICS

Established in the year of 1964, the Department of Theoretical Physics has been working to provide excellence in Theoretical Physics background. The courses offered by the Department include M.Sc in Physics, M.Phil. in Theoretical Physics and Ph.D. The main objective of the Department has been to engage in high quality research work in different branches of Theoretical Physics and to ensure leadership to Postgraduate Physics Education in Tamil Nadu. The Department faculty have contributed significantly to the academy and also introduce the problem solving techniques providing the right exposure to the students to take up research. The expertise of the faculty include Condensed Matter Physics, Theory of Nanomaterials, Constrained systems, Field Theory, Atomic Physics, Crystal Growth and thin films. High-performing computer facilities are offered by the Department to the researchers for the computational works. In the last five years there has been more than 40 publications by the research groups of the Department. The framework of the courses offered by the Department and the syllabus are designed in a way to enable the students to clear national level tests and also to pursue Higher Education in other prestigious institutes in India and abroad confidently. Solid State Physics book authored by Dr. Rita John, Prof and Head of the Department of Theoretical Physics and published by Tata McGraw Hill is a recommended book of study by University Grants Commission and TANSCH. The Department also holds the record of producing a large number of students who clear CSIR-UGC NET and GATE. The Department will continue to brighten the minds of the young students for their journey with science.

DEPARTMENT OF NETWORK SYSTEMS & INFORMATION TECHNOLOGY

The Department is currently engaged in teaching and research activities in different areas of Information Technologies. During the academic year 2019 - 2020 a two year M.Sc Programme in IT was started.

The programme aims to provide an understanding of advanced Information and Computing Technologies. The syllabus is intent on providing a strong foundation in theory along with a clear technology focus.

The Curriculum of M.Sc. Programme has been designed to keep a balance between fundamental concepts, core areas of IT and specialized skills required to adapt to the needs of the dynamically evolving IT Industry. Students have been trained with our level best in various activities on par with industrial exposure. Students are able to get real time project work experience through their Internship and Major Project also they are able to independently implement their ideas through their Mini Project.

Best Practices

- * Value Based Education for Students.
- * Lesson Plan
- * Open Book test and Flipped Classrooms
- * Perfect Blend of professional, skill based learning to students

DEPARTMENT OF ANATOMY

During the reporting period i.e. 1st July 2022 to 30th June 2023, the Department continued its teaching & research activities and was successful in attracting new research grants from funding agencies despite the adverse conditions set in the previous year due to Covid Pandemic.

DEPARTMENT OF ENDOCRINOLOGY

Research Achievements:

1. In the contemporary India, changes in the food habit retarded reproductive function. We explored the molecular mechanism underlying ovarian dysfunction in obese rat models.
2. The Students, Ms. Harini R. and Ms. Dharani Abirama Sundari S. received second and third prize for poster presentation in the 11th Annual conference of Endocrine Society of Tamil Nadu and Puduchery, Shabana Thabassum M. R. received best poster award for poster presentation in the Society for Reproductive Biology and Comparative Endocrinology, Gautham C. received third prize for oral presentation in the Society for Reproductive Biology and Comparative Endocrinology, first prize for oral presentation in the International Conference on Innovations and Applications in Biomedical, first prize for oral presentation in the Health Sciences and National Conference on Recent Trends in Genetic Engineering and Biotechnology, Divya Srinivasan received first prize in the International Conference on Innovations and Applications in Biomedical and Health Sciences, Agalya M. received second prize in the International Conference on Innovations and Applications in Biomedical and Health Sciences.
3. During the assessment year (July 2022 -June 2023) the faculty members of this Department has published research articles in reputed journals
4. We organized three endowment lectures by inviting renowned researchers and clinicians in the field of Endocrinology

DEPARTMENT OF GENETICS

Department of Genetics was established in 1969 and has been pursuing basic and applied research in frontier areas of Genetics that has direct/indirect bearing on human health. In this academic year Department Faculty Members received research grants (>1crore). 1 from DST, 2 from DBT, 4 from ICMR and 2 joint collaborative research projects from National Institute of Genetics, Japan and Department also signed MOU to exchange researchers. Department is collaborating with Rajiv Gandhi General Hospital, Institute of Child Health, Schizophrenia Foundation and MV Hospital for Diabetics, Chennai. Department has published research articles in peer reviewed journals with maximum impact factor of 8.786. This year 4 research students joined for PhD program in Genetics with research fellowship from ICMR and DBT. Prof. A.K. Munirajan hosted training program for 3 Indian Academy Summer Research Fellowship students. Students from various Colleges/Universities were getting trained in the Department as short-term interns through the UICC. Professor Head has given two interactive talk session about Genetics basis of human health in Pothigai TV Channel. Department is offering free of cost cytogenetics and molecular diagnostic service to the patients referred from various Government/Private hospitals.

DEPARTMENT OF MEDICAL BIO-CHEMISTRY

This academic year has been a remarkable one, our Department recently established M.Sc. in Medical Biochemistry as self-supporting course with similar curriculum.

The Departments undertake research activities in various biomedical application including diabetes, oncology, atherosclerosis, age associated degenerative disorders, autism, bipolar disorder, disease proteomics and many more.

The Department has many funded projects from DST-SERB, DST-CSRI,ICMR, and UICIC through these projects many research fellows are working to conduct project work.

Many publications have come out from this Department with high impact National and International Journals.

The Department has also committed and intended to collaborate with National and International Scientists for enriching the exposure of advanced research to the students and research scholars by conducting guest lectures and conferences.

Along with computer networking lab, the Department is facilitated with Wi-Fi for the use of all our students.

Recently passed out students have been placed in well-established positions in various Research Institutes, Universities, Clinical Labs and Biotechnology Laboratories in and around the State.

Students were encouraged to do out of box learning and training to fit in to the demanding job market!

One of the significant achievements is that Ph.D scholar has secured Post-Doctoral position in many Universities few in USA. Oklahoma University.

DEPARTMENT OF MICROBIOLOGY

Department of Microbiology has organised Molecular diagnostic workshop for the Post graduate final year students. This workshop aided students for the better employment opportunities. Further, this workshop had enhanced their skill set in Domain. Our Department conducted collaborative research with Medical Colleges and Research Institutes. Our students presented their research findings in national and International Conferences. Some of the Post graduate students received grant from funding agency for their dissertation work.

DEPARTMENT OF PATHOLOGY

During this current academic year the Department has successfully conducted the two elective courses: Basics in Pathology and Basics in Oncopathology. These two courses give practical insight into the application of molecular techniques in the diagnosis of the diseases in medical field. The Department has also trained nearly ten students for their project work from various Engineering Colleges around Chennai thereby inculcating research minds into these young students and teaching them to use various techniques in the diagnosis and treatment of diseases. At the same time, we were able to give Hands on training in the Basic Histological techniques to students from various colleges in and around Chennai thereby exposing these students the basic knowledge about the field of Pathology and how the techniques are useful in the diagnosis of diseases. We have also successfully conducted four Endowment lectures during this period medical by inviting medical professionals. And also conducted five special lectures, which happened to be an eye opener for both the students as well as faculty members who have participated and interacted with these professionals. The research work carried out in the Department has been published in various peer reviewed Journals. The students passed out from the Department from various courses such M.Sc., M.D., DCP and Ph.D. have been placed successfully in higher positions across various Government and Private sectors in India and as well as abroad.

NATIONAL CENTRE FOR ULTRA FAST PROCESS

National Centre for Ultrafast Processes is offering M.Sc., programme in "Photonics and Biophotonics". This is a unique interdisciplinary M.Sc., Programme offered in India only at University of Madras. During this academic year (2022-2023) nine students have joined the Department and seven students completed their course. The students got placement from various companies such as M/s. Valeo, M/s.Laser Science and M/s. Plastic omnium. The Department successfully organized a value-added training programme on optical system design for M.Sc. students. Our students have participated in several skill based training and entrepreneurship programmes organised under RUSA 2.0. The research activity of the centre is mainly involved in studying the ultrafast spectroscopy of novel molecules, nanomaterials and inorganic-organic hybrid materials, fluorescent material for sensor application and computational material science. The research work carried out by the faculty and Students are presented in several national and international conferences. Under research extension, the centre facilities were extensively used by the scientist and researcher from other Departments of University of Madras and colleges.

NATIONAL CENTRE FOR NANOSCIENCE AND NANOTECHNOLOGY

1. NCNSNT developed two products using nano-materials, which are DHEMOSTAT FOR DENTAL APPLICATIONS and Magnetic Elastometer for Defence Applications with help of funding from BIRAC, India and DRDO-DMRI CARS GRANTS.
2. NCNSNT has published more than 30 papers in reputed journals during this year and also published two books.
3. NCNSNT has secured DST-FIST funding and ICMR Grants
4. Centre Faculties obtained grants from RUSA to develop products using HAP biomaterials more than 10 students were joined under this program and 6 Post Doctoral Fellows with Kothari Fellowship, ICMR-RA, DBT-RA, RUSA, SRM
5. Our Centre has conducted many internship programme and more than webinar to enrich the students

DEPARTMENT OF PHYSICAL EDUCATION

Nearly 56 teams from the University of Madras, both men and women, take part in the South Zone, All India Inter University, and Khelo India University games every year. Our University has been geographically divided into Two men's and Two women's Zones. Each Zone will organise a zonal-level competition, and the top three teams from each zone will be selected for inter-zone competitions. The various team players of the University of Madras are selected during the Inter-zonal tournaments. The selected players undergo a vigorous training programme under N.I.S. Coaches, SDAT coaches, and eminent sportspersons prior to the Inter-University competition programme. More than 19,000 (Nineteen thousand) students get competitive experience from the zonal and inter-zonal competitions organised by the department of physical education every year. The University of Madras Department of Physical Education is one of the best sports centres in Chennai, providing training facilities not only to the University of Madras students but to a larger section of the public and private sectors, Schools, and various Sports Associations for their sports programmes.

AIMS AND OBJECTIVES OF THE DEPARTMENT - The aim of Department of Physical Education and Sports, Madras University in running academic programmes is to create academic platform for the students of Physical Education and Yoga and to encourage research attitude among them together with the existing sports culture.

CENTRE FOR THIRUKKURAL RESEARCH

- a) Eight seminars were conducted comparing Thirukkuralai with world literature. One of them is an International Seminar. As listed below:-
1. 'Thirukural and World Literature' – Thingkat Symposium Inaugural Ceremony (Date: 26.09.2022 – Monday)
Speaker: Professor Arang. Ramalingam
 2. Thinkat Seminar Series Event – ??2 (20.10.2022 – Thursday)
Topic: 'Tirukura and Roman Philosophical Texts'
Lecturer: Professor P. Maruthanayakam
 3. THINKAT Seminar Series Event – ??3 (24.11.2022 – Thursday)
Topic: 'Shakespeare and the Thieves'
Lecturer: Prof. Chellappan
 4. THINKAT Seminar Series Event – ??4 (20.12.2022 – Tuesday)
Topic: 'The World Scholars View of the Tripartite'
Lecturer: Dr. Murugayan
 5. THINKAT Seminar Series Event – ??5 (24.01.2023 – Tuesday)
Title: 'The Coming of Confucius'

CENTRE FOR NATURAL HAZARDS AND DISASTER STUDIES

The Centre for Natural Hazards and Disaster Studies (CNHDS) at University of Madras was born of a major initiative on the part of the University in response to Disaster Risk Reduction (DRR).

The idea of setting up of Centre for Natural Hazards and Disaster Studies subsequently got a big stimulus by the patronage received from former Vice Chancellor Dr.Thandavan University of Madras.

The activities of the centre got a further boost when the Government of Tamil Nadu also accorded its approval for setting of integrated course for Disaster Management. Ever since, the Centre has moved forward from strength to strength, with the passage of time. Today, its main strength lies in its vision for Disaster Free India, its multidisciplinary expertise, its International and National linkages and its vibrant work programme driven by Innovation and Ideas. Being located in the campus of a highly progressive and reputed University, it also has the gift of continuous association with fertile young minds.

Objective

Natural Hazards and Disaster Management Studies (NHDMS) is a multidisciplinary area which includes geography, geology and other geo-science disciplines keeping this in view, it is proposed to have a two year Masters programme in Disaster Management.

The main objective of the course is to train students in the fundamental and applied aspects of Natural Hazards and Disaster Studies.

It also aims at making the students to specialize in advanced areas to understand the concept, theory, model and scientific explanation of consequences and mitigation process of any unfortunate incidents like disaster and calamities. The course also aims to encourage and nurture high creativity and innovative idea among the students. Special emphasis will be given on translational research and training in Disaster studies which are considered to be productive technologies and have direct relevance to our Country.

CENTRE FOR ENVIRONMENTAL SCIENCE

The University of Madras has established a full-fledged Centre for Environmental Sciences (CES) in 2007, with multi-disciplinary facets for carrying out the Research and Development (R&D) and Human Resources Development Programmes in the areas of environmental studies in order to effectively tackle the challenges in the field of short term local and long term global environmental change. Moving forward, the established CES at University of Madras has been conducting academic programmes, practical, high-quality research that can resolve outstanding environmental issues in the Country. Recently, Centre for Environmental Sciences conducted 3daye International E-colloquium on Environmental Degradation and climate change. Further, academic programs and activities of the Centre for Environmental Sciences at University of Madras are designed addressing to the needs and challenges of major Industrial Sectors, Governmental Sectors like MHRD, MOEF & CC, CSIR, DST, DBT, MoES, State Planning Commissions and International Agencies like WB, UNDP/ UNEP, and various Funding Institutions.

CENTRE FOR WATER RESOURCES MANAGEMENT

The Centre for Water Resources Management (CWRM) is established as an initiative of the University of Madras in 13th June 2016 to provide leadership, technical expertise, educational opportunities, and professional interaction for stakeholders, professional practitioners, academic researchers, students, and policymakers concerned about water resources management. The CWRM undertake research and development activities for the restoration and conservation of surface and subsurface aquatic systems. The Centre is periodically conducting workshops/training/brainstorming sessions with the multi-disciplinary stakeholders of scientists and engineers, geosciences, disciplines including geography, geology, geophysics, management and environmental engineering. CWRM creates opportunities for students, faculties, and professionals to work together to investigate, propose, and refine concepts encompassing the broad range of issues relevant to water resource management. It is a platform for important or specialized information not available elsewhere.

CWRM prepares, promotes, and disseminates educational information that can improve the quality of life and meet the water-related needs of those seeking to adapt to a changing, challenging world. CWRM has hosted numerous forums, educational programs, and events to inform the public and foster interaction between professionals in the field of water resources. Students have benefited from these opportunities to meet leaders in water policy, environmental remediation, groundwater and water resource science, enforcement, and engineering. Recently two projects are ongoing in the Department includes, “Water Resources Management:

Geo-spatial Tank Information System (GTIS) for Sustainable Water and Environmental planning” under RUSA 2.0 programme, "An assessment of meteorological and agricultural drought and their impact on agriculture dominated watershed community of Naganadhi Watershed of Palar Basin, South India using Remote Sensing techniques" sponsored by ICSSR, New Delhi and one consultancy work on “Hydro geological study of Alangulam and Gopalapuram Limestone Mines of TANCEM” under Tamil Nadu Cements Corporation Limited, Govt. of Tamil Nadu has been completed by 2022. CWRM offers Elective Courses to the students of various Departments of this University in the field of Water Resources Management. Two Post Doctoral Fellows completed with the sponsorship of ICSSR and RUSA2.0 and One Post Doctoral Fellow is working in RUSA2.0 scheme under the CWRM. About 8 Ph.D scholars are doing research under CWRM in the field of hydrometeorological disaster, Urban hydrological studies, Watershed management and hydrology and carbon sequestration in forests. Further, the CWRM is offering Internship Programmes for the Post-graduate students for about 1-3 months period in the field of application of remote sensing in water resources management.

About 4 training programmes, 5 Workshops, 16 Webinars and 1 seminar have been conducted so far. The CWRM also taken an initiation as a promotion of extension activities, promoting higher education students as "Water Warrior" towards the water conservation and valuing water in the rural areas. The water awareness programmes are also conducted among the school children in and around Chennai, Chengalpet, Kancheepuram and Tiruvallur districts.

Status	Level	Details Of the Conference
Presented papers	International Level	4. Lavanya B, Vageeswari U, and Sasipriya G, "A Novel Strategy to Assess and Evaluate the Performance of Candidates in Online Teaching Learning Platforms Using Machine Learning Models", Presented in INTERNATIONAL CONFERENCE ON "EMERGING TRENDS IN ONLINE TEACHING, ASSESSMENT, and LEARNING" (eTOTAL) FEBRUARY 24 & 25, 2023 Organized by State Project Directorate Rashtriya Uchchatar Shiksha Abhiyan Tamil Nadu (Best Paper Award).
Participated	National Level	3. Attended FDP on 'Research and tools' Organized by Sardar Patel Mahavidyalaya, Chandrapur by 13.2.2023 to 17.2.2023
Presented papers	International Level	2. Lavanya B and Sowmiya R, "Text Genre Classification: A Classified Study", Proceeding of 11th International Conference on Contemporary Engineering and Technology (ICCET 2023), Organized by Organization of Science and Innovation Engineering & Technology (OSIET), Chennai, India, in Association with Prince Shri Venkateshwara Padmavathy Engineering College, Prince Dr. K. Vasudevan college of Engineering and Technology, in Collaboration with Samarkand State University, Samarkand, Uzbekistan held at Prince Shri Venkateshwara Padmavathy Engineering
Presented papers	International Level	6. Lavanya, B., Vageeswari, U "DES: Domain Expert Summarization for Extractive Summarization Using LDA" in Proceedings for the International Conference on Recent Trends in Computing, Communication and Information Technology,organised by Sri Ramakrishna Engineering College, ISBN: 978-93-91977-09-2
Organized	National Level	1. Coordinator for ' Understanding the potential of artificial intelligence in digital education ' Sponsored by University of Madras and Consortium for Education Communication held from 31-03-2023 to 01-04-2023
Presented papers	International Level	1. Sasipriya G and Lavanya B, "Schema Design with Intelligent Multi-Modelling Computing Techniques for Health Care Applications", 2nd International Conference on Applied Artificial Intelligence and Computing (ICAAIC-2023), organized by Narasu's Sarathy Institute of Technology, Salem, India on 4-6 May 2023, DOI: https://doi.org/10.1109/ICAAIC56838.2023.10140692 , IEEE.
Presented papers	International Level	3. Lavanya. B & Nirmala. V, "CONTENT BASED DOCUMENT MULTI-CLASSIFICATION USING MACHINE LEARNING TECHNIQUES", International Conference on Advanced Computing Technologies for Innovative Solution (ICACTIS'2023), Organized by The Gandhigram Rural Institute, Gandhi gram, Dindigul, Tamil Nadu, India, On March16th&17th, 2023.ISBN:9789392063428
Participated	National Level	4. Attended FDP on 'Data Science and Visualization Tools' Organized by Jai Shiram Engineering College by 9.1.2023 to 13.1.2023
Participated	National Level	1. Attended One day Workshop on 'Internet of Things(IOT)' Organized by Department of Network systems and Information Technology, University of Madras by 23.3.2023
Participated	National Level	2. Attended fdp on 'Teaching Pedagogy & Outcome Based' Organized by Government degree college timari, M.P by 20.2.2023 to 25.2.2023
Participated	National Level	Attended FDP on 'Mathematical Modeling of biosystems with Special focus on epidemiology' Organized by Mizoram University by 22.8.2022 to 27.8.2022

Presented papers	International Level	5. Sasipriya G and Lavanya B, "Bert Transformer Models: Computational Analysis for Information Extraction from Biomedical Literature," International Conference on Artificial Intelligence and BlockChain (ICAIBC 023), organized by Department of Artificial Intelligence and Data Science and Artificial Intelligence and Machine Learning, Bannari Amman Institute of Technology, on 5th and 6th, Jan 2023 Coimbatore.

Status	Level	Details Of the Conference
Organized	Local Level	Professor P. Natarajan's endowment lecture, in that meeting prof. M. N. Patel, Professor and Head, Department of Chemistry, Sadar Patel University have been invited to deliver the endowment lecture on " Coordination complexes on DNA interactions.
Organized	Local Level	UGC-HRDC sponsored refresher course in chemistry
Presented papers	International Level	Delivered a talk on "Synthesis and Application of Nanomaterials" in an international seminar on New Frontiers in Chemistry and Microbiology (ISNFICAM'23) organised by the Dept of Chemistry and Dept of Microbiology, PERI College of Arts and Science
Presented papers	International Level	4. A key note speech on "Paper based analytical tools: Optical and Electrochemical Sensors for diagnosis" in a 3rd International Conference on Recent Trends in Analytical Chemistry (ICORTAC-2023) organised by the Dept of Analytical Chemistry, University of Madras
Organized	International Level	Department of Inorganic Chemistry organized Two days international conference on Nanobiosensor (NBS - 2022)
Presented papers	National Level	A keynote speech in an international conference on Advances in Chemical Synthesis and Material Science (ICACSMS) entitled "Recent Developments in Advanced Functional Nanomaterials and their applications" organised by Faculty of Arts and Science, Bharth Institute of Higher Education and Research

Faculty participation in Seminars/Conferences/Workshops and Symposia

Status	Level	Details Of the Conference
Resource Person	International Level	Delivered an online lecture on “Novel approach for cervical cancer cure” in the 3rd International Conference on Applications of Natural Compounds, Nanomaterials, Oncolytics in Cancer Biology and Biotechnology (Hybrid Mode) organized by the School of Life Sciences of B.S. Abdur Rahman Crescent Institute of Science and Technology, Vandalur, Chennai, Tamil Nadu, India on 27th October 2022.
Resource Person	State Level	Delivered a webinar under the programme “Precision medicine for targeting cancer stem cells” on “Wnt/ β -catenin signaling pathway: A key regulator of cancer stemness” organized by the Department of Genetic Engineering, School of Bio-Engineering, SRM Institute of Science and Technology (SRM IST), Kanchipuram, Tamil Nadu, India on 8th September 2022.
Resource Person	International Level	Delivered a plenary lecture on “siRNA-based therapy for advanced stage of cervical cancer” in the International Conference on Innovations and Applications in Biomedical and Health Sciences held at Holy Cross College, Trichy, India during 23rd – 25th January 2023.
Resource Person	International Level	Delivered an invited lecture on “Novel therapeutic approach for metastatic cervical cancer” in the International Conference on Reproductive Biology, Comparative Endocrinology & Development and the 39th Annual Meeting of the Society for Reproductive Biology and Comparative Endocrinology (39th AM-SRBCE) organized by the CSIR - Centre for Cellular and Molecular Biology (CCMB) and University of Hyderabad at CSIR - CCMB, Hyderabad, Telangana, India during 14th – 16th September 2022.
Resource Person	National Level	Delivered an invited lecture as an external expert on “Small interfering RNA therapy for cancer” in the DHR Sponsored Training Programme on Modern Biology in Health Research held at Mahatma Gandhi Medical Advanced Research Institute (MGMRI), Sri Balaji Vidyapeeth (Deemed to be University), Puducherry on 17th February 2023.

4) Research Projects of the recognized Faculty Members:

Sl.No.	Title	Agency	Period July 2022 - June 2023	Grant sanctioned (Rupees)
1.	Engineered Leathers with enhanced performance characteristics for its application in strategic sector	Council of Scientific & Industrial Research (CSIR), New Delhi	Ongoing	2,136,000
2.	Production of cellulose from agro waste to upgrade low grade leather for sustainable environment	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	9,00,000
3.	First principle design and development of multi-functional van der waals and non-van der waals solids	Department of Science & Technology, New Delhi	Ongoing	35,85,404
4.	Quantum Computing based Qualitative / Quantitative Risk Analysis and Disaster Management Plan for Chemical Process Industrial Complexes	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	5,66,000
5.	Engineered Nanomaterials: New Biomimetic and Catalytic Approaches for Biomedical Applications	Department of Science & Technology (DST), New Delhi	Completed	41,45,000
6.	Chromogenic molecules and synthetic protein gelators for cell imaging and drug delivery applications	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	26,77,000

7.	Antiviral Cotton Fabric	Council of Scientific & Industrial Research (CSIR), New Delhi	Ongoing	15,05,000
8.	Development and optimization of Performance and Emission Characteristics of CI, SI and Stirling Engine Using Hydrogen Enriched Bio-CNG produced from Anaerobic Co-Digestion with Food Waste, Tannery waste, Stubble waste and STP sludge.	Department of Science & Technology (DST) New Delhi	Ongoing	1,03,56,180
9.	Tannery Waste Management	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	17,20,000
10.	Revamping of Iron/Combination Tanning and Development of Advanced Magnetic Material from Iron Tanned Leather Scraps: A Circular Economy Model	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	12,70,000
11.	Molecular understanding of macromolecules for 3D printing, insole materials, surfactants, surface coatings and smart elastomers	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	18,70,000
12.	Discovery and pre-clinical development of antivirals for Covid-19 and other diseases	Council of Scientific & Industrial Research (CSIR), New Delhi	Ongoing	43,00,000
13.	Bio based Polyurethanes and Hybrid Nanocomposite Dispersions for Application in Leather Finishing	Council of Scientific & Industrial Research (CSIR), New Delhi	Ongoing	33,25,000
14.	Much of Muchness: Leather-Like Materials for Life- Style Product Applications	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	6,00,000
15.	Fabrication of easily biodegradable polymer nanocomposite for footwear application	Department of Science & Technology (DST), New Delhi	Ongoing	24,62,200
16.	Transition Metal Carbides/Carbonitrides (Mxenes) Catalysts for Biomass conversion	Science & Engineering Research Board (SERB), New Delhi	Ongoing	22,36,800
17.	Testing of microbial contamination and developing antimicrobial products from natural sources for healthcare applications, and Biodegradation of leather	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	10,85,000
18.	ATLAS: Development of point of contact detection of multiple Gram negative pathogens in food products: A cost-effective nano approach	Council of Scientific & Industrial Research (CSIR), New Delhi	Completed	30,69,000
19.	Stabilization of collagen and proteins using designer molecules	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	23,00,000
20.	Chemicals for Low Temperature Applications of Leather in Strategic sector (CHILLS)	Council of Scientific & Industrial Research (CSIR), New Delhi	Completed	54,73,000

21.	Leather composite gloves for extreme cold climatic conditions	Council of Scientific & Industrial Research (CSIR), New Delhi	Ongoing	45,84,000
22.	Nano technological interventions to convert tannery solid waste into value added Nano fibrous membranes.	Department of Science & Technology (DST), New Delhi	Ongoing	10,70,000
23.	Tuning the self-assemble of collagen via interplay of intermolecular forces: Implicating structural organization on functional performance	Science & Engineering Research Board (SERB), New Delhi	Ongoing	26,49,628
24.	Design and Development of Smart Athletic Shoes using Embedded Systems and Technology in Early Detection of Achilles tendon	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	6,00,000
25.	Biocementation for the improvement of sloppy regions in India using biopolymers	Department of Science & Technology, New Delhi	Completed	3,90,000
26.	Development of an efficient enzyme formulation for sulfide-free dehairing of hides and skins	Council of Scientific & Industrial Research (CSIR), New Delhi	Ongoing	64,12,000
27.	Understanding the pathophysiology of wound healing and designing of biomaterials for healthcare	CSIR-Central Leather Research Institute (CLRI), Chennai	Completed	11,30,000
28.	Spatial regulation of Collagen Orchestrated Protein dynamic Exposition in skin (SCOPE)	Council of Scientific & Industrial Research (CSIR), New Delhi	Completed	54,73,000
29.	Mechanistic role of Nano-molybdenum targeting inflammation and angiogenesis for wound therapeutics	Indian Council of Medical Research (ICMR), New Delhi	Ongoing	1,660,200
30.	Investigation of the essential role of Paxillin (PXN) in wound repair and fabricating a suitable biomaterial to overcome the aberrations	Indian Council of Medical Research (ICMR), New Delhi	Ongoing	1,660,200
31.	Fabrication of Biomimetic Interpenetrating Scaffold for enhanced re-epithelialization of burn wounds with minimal scarring	Department of Science & Technology, New Delhi	Ongoing	19,60,000
32.	Nanonized polydopamine infused amniotic membrane extract for ocular surface treatment and drug delivery (Women Scientist)	Department of Science & Technology, New Delhi	Ongoing	29,50,950
33.	Centre for Sustainable Treatment, Reuse and Management for Efficient, Affordable and Synergistic solutions for Water (WATER-IC for SUTRAM of EASY WATER) Work Package: 3.5-Tannery Wastewater Treatment	Department of Science and Technology, New Delhi	Ongoing	46,50,900
34.	Smart cities integrated energy supply, carbon sequestration and urban organic waste treatment through combined solar sludge drying and pyrolysis (PYROSAL)	Indo German Science & Technology Centre, Haryana	Ongoing	1,29,42,134
35.	Isotope edited Vibrational Circular Dichroism on Amyloid Fibrils	Science & Engineering Research Board (SERB), New Delhi	Ongoing	38,28,612

36.	Discriminating the Mystery of Amyloid Peptide showing Dual Behavior of Toxic Amyloid Fibrils vs Supramolecular Hydrogel Fibrils using Isotope Edited Vibrational Circular Dichroism	Department of Science & Technology (DST), New Delhi	Ongoing	2,462,200
37.	Development of Hierarchical Fibril forming Collagen-like peptides using Supramolecular Chemistry for biomedical applications	Department of Science & Technology (DST), New Delhi	Ongoing	24,62,200
38.	Thermoresponsive N-heterocyclic Carbene (NHC) and related organometallic compounds for catalysis with recyclability	Department of Science & Technology (DST), New Delhi	Ongoing	19,60,000
39.	Synthesis of functional polymer for mimicking structure and functions of biological ion channels	Department of Science & Technology (DST), New Delhi	Completed	20,50,000
40.	Centre for Sustainable Treatment, Reuse and Management for Efficient, Affordable and Synergistic solutions for Water (WATER-IC for SUTRAM of EASY WATER) Work Package: 2.4.1- A Point of use single probe multianalyte sensor	Department of Science and Technology, New Delhi	Ongoing	36,29,300
41.	A flexible Ferrocene-appended hydrogen-bonded organic frameworks (HOF) as a new class of second-order nonlinear optics towards wearable applications	Science & Engineering Research Board (SERB), New Delhi	Ongoing	22,36,800
42.	Biphasic Graphene oxide infused composite hydrogel for Osteochondral tissue regeneration	Indian Council of Medical Research (ICMR), New Delhi	Ongoing	1,660,200
43.	Preparation and characterization of polyphenol embedded biomaterial for normal and diabetic wound healing: An in vitro and in vivo study	Indian Council of Medical Research (ICMR), New Delhi	Ongoing	13,51,980
